Re: Our Client: Narconon – Southern California
1810 and 1811 Ocean Front, Newport Beach

Dear Ms. Orozco:

This office has been retained by Narconon – Southern California, to prosecute various acts committed and comments made by you which directly affect its business affairs.

Our client has provided the undersigned with videotapes of your presentations to the Newport Beach City Council, beginning on September 14, 2003. The tapes provide evidence of blatant lies and exaggerations which raise the serious issue of your motivation for your campaign of disparagement. Assertions that Narconon consists of "convicted drug addicts and pushers," "illegal things are going on" constitute slander per se, intended to directly injure our client's business. These continuing statements obviously were intended to inflame the concerns of the neighborhood, and your intentional discrimination also encourages the violation of the Federal Fair Housing Act and Americans With Disability Act.

Furthermore, several witnesses will testify that you have actually trespassed onto our client's property to pick through the trash containers.

On many occasions you have been seen videotaping or photographing the Narconon facility and its staff members, visitors and students. Such intrusions into the personal affairs of our client's staff and students subjects you to liability for invasion of their privacy.

February 9, 2004

Demand is hereby made that you immediately cease and desist from any further acts of defamation, trespass or invasion of privacy. Your acts will no longer be tolerated, and if you persist, our client will be advised to initiate all appropriate legal proceedings against you.

Please seek the advice of an attorney if you have any questions regarding this matter.

Respectfully,

DANIEL C. CARLTON
